**ANDHRA MAHILA SABHA**  
**ARTS & SCIENCE COLLEGE FOR WOMEN**  
Autonomous - NAAC Re-Accredited, O.U.Campus, Hyderabad – 500 007

Minutes of the meeting of 20<sup>th</sup> Academic Council by Circulation held on 21st June 2021.

**AGENDA**

**Item No : 1**

**20.1 Principal's note about the College**

About our Institution Durga Bai Deshmukh Andhra Mahila Sabha Arts and Science College for Women, Hyderabad, Telangana State.

Higher education has been key to India's growth in the last seven decades. We proudly claim for having been partners in that process with a humble beginning in 1968 by our Founder mother Padma Vibhushan Dr. Durga bai Deshmukh.

We are proud to be one of the leading affiliated colleges of Osmania University catering to the higher education requirements of women. Located in the campus of Osmania University's sprawling campus we proudly claim the pampered status and support accorded by our parent university as its elder child. An added locational advantage is its location in the heart of the city having access to good transport connectivity.

Today Andhra Mahila Sabha is poised for take-off, guided by the pursuit of Women Empowerment by upholding the values and vision of our founder promoter Dr.Durgabai. Since inception of our college we make sure that the poorest of the poor do get an opportunity to value and skill- based higher education at UG and PG levels by charging fees which we proudly claim to be the lowest among the private colleges.

Having completed 52 years of our journey in the field of higher education we believe that the time has come for us to move ahead to become a centre for excellence. We are

conscious of the dire need to expand by introducing more courses, new programmes, and enhanced research facilities of contemporary relevance.

As a part of the various expansion plans we seek your cooperation and intellectual inputs to guide us in our pursuit of becoming a centre of excellence. Hopefully the autonomous status will help us in earning a better grade in quality assessment by NAAC in our next reaccreditation due in a couple of years.

Hence the matter is placed before the members of the Academic Council for information.

**Resolution:**

**20.1.1** The members of the Academic Council noted the above and appreciated the efforts of the Management for initiating expansion programme to empower girls.

**Item 2**

**20.2 Introduction of M.A Economics Course w.e.f Academic Year 2021 - 2022**

**Why MA Economics in AMSASCW?**

- Economics is an excellent career option for those who love numbers and want to know the nitty-gritty of markets and how the economy functions. An Economics degree equips the student with a high level of mathematical, statistical, and analytical skills and teaches you how to apply different Economic principles and concepts to real-world challenges.
- Economics is an evergreen subject with its applications spanning across multiple sectors, including banking, insurance, financial services, trade & commerce, and business management. The scope of Economics is broad and highly promising, and when backed with a master's degree, it can open up a host of challenging career opportunities in different fields.
- After completing an M.A. in Economics, a student can either continue to pursue higher education like M.Phil/Ph.D., or can make a direct entry into the job world.

- There is a massive demand for economics graduates in both the national and global markets. Globalization and the merging of the world economy have further enhanced the job prospects for Economics majors.
- As an Economics graduate, student will possess expansive knowledge on concepts of Economics (Micro, Macro, & Applied Economics, Econometrics, Markets, etc.), but more importantly, will develop transferable analytical and problem-solving skills that can be applied to numerous industries.
- Economics graduates are an excellent fit for jobs in the banking, financial services, and insurance sectors, Research and Consultancy, Entrepreneurship, Economist, Credit Analyst, Statistician, Financial Analyst.
- There is no college offering MA Economics catering to only women in Hyderabad
- The demand for BA with Economics as a combination is overwhelming in our college.
- Presently we have more than 100 students pursuing economics course in our college
- AMSASCW is confident of taking off the MA economics programme under the leadership of director, Prof Nakula Reddy who served Osmania University as a Professor of Economics for more than three decades. We are happy to say that other Economics Professors with vast experience are willing to lend their intellectual support as and when required.
- In view of the above, the Director, Self -Finance Courses of AMSASCW Prof A.Nakula Reddy submitted a proposal to introduce M.A.Economics in AMSASCW w.e.f the academic year 2021-22. The College Management after deliberations with Principal and Faculty and taking into considerations the financial viability, infrastructure of availability is convinced that this new programme can be introduced. In accordance with the procedural formalities the proposal was placed before the BoS of M.A.Economics for approval. M.A Economics course unanimously approved the proposal to introduce M.A Economics in AMSASCW from 2021-22 academic year and also the adoption of syllabus & scheme of evaluation of M.A Economics course of Osmania

University for Semester-I and II. Further it was resolved to recommend the same to higher bodies for approval.

- Therefore, the matter is placed before you for approval. If agreed, the following resolutions may be approved

#### Resolutions

**20.2.1.** It was resolved to approve the proposal to introduce M.A Economics course in AMSASCW from the academic year 2021-22

**20.2.2.** It was resolved to approve the proposal to adopt the syllabus and scheme of evaluation of M.A Economics for Semester-I and II with effect from 2021-22

### **Item 3 - Introduction of B.Com Tax procedures w.e.f. the Academic Year 2021-2022**

#### **20.3 Why B.Com Tax procedures in AMSASCW?**

After completing B.Com Taxation course the students have ample job and career opportunities B.Com Taxation graduates can find jobs in both government and private sectors. Some of the well-known Taxation jobs are Business Consultant, Inventory Control, Educational Institutes, Budget Planning etc. Some of the avenues for furthering career opportunities are as follows

- Chartered Accountancy (CA) ...
- Company Secretary (CS) ...
- Master of Commerce (M.Com) ...
- Chartered Financial Analyst (CFA) ...
- Business Accounting and Taxation (BAT) ...
- Certified Management Accountant (CMA) ...
- US Certified Public Accounting (CPA) ...
- Financial Risk Manager (FRM)

In view of the above, the Director, Self -Finance Courses of AMSASCW Prof A Nakula Reddy submitted a proposal to introduce B.Com (Tax Procedures) in AMSASCW w.e.f. the academic year 2021-22. The College Management after deliberations with Principal and Faculty and taking into considerations the financial viability, infrastructure of availability is convinced that this new programme can be introduced. In accordance with

the procedural formalities the proposal was placed before the BoS. After due deliberation, the BoS for Proposed B.Com (Tax Procedures) course approved the proposal to introduce B.Com (Tax Procedures) in AMSASCW from 2021-22 academic year and also the adoption of syllabus & scheme of evaluation of B.Com (Tax Procedures) course of Osmania University for semester-I and II. Further it was resolved to recommend the same to higher bodies for approval.

Therefore, the matter is placed before you for approval. If agreed, the following resolutions may be approved

#### **Resolutions**

**20.3.1.** It was resolved to approve the proposal to introduce B.Com (Tax Procedures) course in AMSASCW from the academic year 2021-22

**20.3.2.** It was resolved to approve the proposal to adopt the syllabus and scheme of evaluation of B.Com (Tax Procedures) course of Osmania University for Semester-I and II with effect from 2021-22

#### **Item 4 – Introduction of B.Com Computer Applications w.e.f. the Academic Year 2021-2022**

##### **20.4 Why additional section for B.Com Computer Applications in AMSASCW?**

- There is no commerce or business in the present globalized era where computer applications are not used. A B.com graduate goes out with reasonably good knowledge of computer applications.
- The demand for B.Com Computers is ever increasing among students
- Last year our college had to deny students seeking admission in B.Com Computers due to lack of vacancies.
- At present we have two sections of B.Com Computer Applications with full capacity of 120 students.
- This year the number of students will be more because all have been passed at the intermediate level due to Covid menace and hence we anticipate increased demand for B.Com Computers.

- The fees we charge is very minimal only Rs 22,000 compared to several private colleges.
- Career Prospects and Job Scope for B.Com Computer Applications
- Chartered Accountant.
- Business Analyst.
- Budget Analyst.
- Financial Consultant.
- Computer Software Developer.
- Auditor.
- Computer Programmer.
- App Developer.

Keeping on view the expansion plans of the college, director, self finance courses of our college, Prof Nakula Reddy, submitted a proposal to introduce one PG programme and one UG programme w.e.f the present academic year. The College Management after deliberations with Principal and Faculty and taking into consideration the financial viability and infrastructural availability is convinced that these new programmes can be introduced. In accordance with the procedural formalities the proposals were placed before the respective BOS.

All the three proposals as stated in the agenda were considered and approved by the respective BOS with a recommendation to place the same in the higher statutory bodies viz; Academic council and General body. The same are attached herewith for your consideration and approval.

I therefore humbly request you to do the needful at the earliest as the notification for UG admissions is expected to be announced in a week.

In view of the above, the Director, Self -Finance Courses of AMSASCW Prof A Nakula Reddy submitted a proposal to introduce B.Com Computer Applications (additional section) in AMSASCW w.e.f. the academic year 2021-22. The College Management after deliberations with Principal and Faculty and taking into considerations the financial viability, infrastructure of availability is convinced that this new programme

can be introduced. In accordance with the procedural formalities the proposal was placed before the BoS. After due deliberation, the BoS for Proposed B.Com Computer Applications (additional section) course approved the proposal to introduce B.Com Computer Applications (additional section) in AMSASCW from 2021-22 academic year and also the adoption of syllabus & scheme of evaluation of B.Com Computer Applications (additional section) course of Osmania University for semester-I and II. Further it was resolved to recommend the same to higher bodies for approval. Therefore, the matter is placed before you for approval. If agreed, the following resolutions may be approved

#### Resolutions

- 20.4.1. It was resolved to approve the proposal to start B.Com Computer Applications (additional section) course in AMSASCW from the academic year 2021-22
- 20.4.2. It was resolved to approve the proposal to adopt the syllabus and scheme of evaluation of B.Com computer applications course of Osmania University for Semester-I and II with effect from 2021-22.
