

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The basic precept of the institution's vision strives to achieve "Women empowerment". Empowerment is a holistic process which can be realized not just by imparting traditional education but requires efforts for the enhancement of overall personality. The college proudly claims that we leave no stone unturned in reaching the penultimate goal of our Vision i.e., 'building better lives for women through empowerment'. Towards this end, besides academics, the college focuses on building synergy by offering many courses for the overall personality development and encouraging students to participate in various activities to instil confidence in the young women. We believe that yoga, karate, taekwondo, sports, value based education which includes a course on Gandhian studies, Certified Voluntary work with the motto "We Serve, We Gain" are an integral part of the college experience for a student to strengthen their body and mind. Thus achieving women empowerment through education, skills enhancement, physical fitness, mental happiness and harmony of body and mind is taken up as a mission to reach the vision. We are conscious of the dire need to expand by introducing more courses, new programmes, and enhanced research facilities of contemporary relevance.
