❖ **Policy Document On Environment and Energy Usage**

The Environment and Energy Usage Policy aims to manage energy in such a manner that its environmental effect is minimized. The policy suggests that renewable energy resources should be explored in order to minimize the government's burden and to identify alternative resources as answers to the energy issue.

This environment and energy policy is obligatory on all components of the institution and applies to all stakeholders. It will assist us in incorporating efficiency and environmental consciousness into our daily actions, allowing us to recognize our duties and dedication to natural resource conservation and use. Green Campus Committee is dedicated to environmental awareness, green initiatives, and green literacy programs in order to conserve energy and safeguard the environment.

Policies:

- * Evaluate our energy use and its environmental effect..
- * Reduce local air pollution emissions by adopting environmentally friendly vehicles such as Bicycles , Public Transit, and Pedestrian-Friendly Streets.
- * To Conserve Energy, LED Lamps will be installed across campus.
- * To Create a system for trash management.
- * To create a rainwater collection device.
- * To organize a tree-planting effort.
- * Taking extra steps to constantly improve our energy usage.
- * To ensure the availability of necessary resources to achieve our objectives.
- * Engage in communication with government agencies, the municipal corporation, and the affiliating institution, as well as actively work with local groups on environmental, energy efficiency, and sustainable development issues.
- * Keep an eye on new environmental and energy challenges and adapt accordingly. To enhance our environmental performance through increasing the environmental knowledge and skills of our staff and students.

O.U. Campus, Hyderabad – 500 007

- * To provide chances for staff and students to participate in environmental efforts.
- * Every year, we encourage our staff and students to become 'Go Green Specialists' and collaborators in tree planting.

This policy shall be conveyed to staff and students via internal communication channels and made accessible to all stakeholders through the institutional website. The Green Campus Committee Convener and its members will examine the Environment and Energy Policy, goals, and targets on a regular basis, under the leadership of the Principal.
