REPORT ON PAPER PRESENTATION

Report on Participation in National Seminar

Ms. P. Rajyalakshmi HoD English actively participated in a two-day National Seminar on the theme “Indian Knowledge Systems – An Inter-Disciplinary Framework for Sustainability”, held on 30th and 31st January 2026 at MC Gupta College of Business Management and Hindi Mahavidyalaya.

The seminar brought together academicians, researchers, and scholars from various disciplines to deliberate on the significance of Indian Knowledge Systems (IKS) in promoting sustainable development through an interdisciplinary approach. The sessions focused on integrating traditional knowledge with modern educational frameworks, particularly in the context of contemporary challenges.

During the seminar, Ms. P. Rajyalakshmi presented a research paper titled “Indian Knowledge System and NEP 2020: A Study on Integration and Sustainability.” In her presentation, she emphasized the importance of incorporating India’s rich traditional knowledge into the present education system, as envisaged in the National Education Policy (NEP) 2020. She highlighted how such integration can contribute to holistic education, cultural preservation, and sustainable development.

Her paper explored key aspects such as:

The relevance of Indian Knowledge Systems in modern education

The objectives and vision of NEP 2020 regarding indigenous knowledge

Strategies for integrating traditional knowledge into curricula

The role of interdisciplinary approaches in achieving sustainability

The presentation was well-received by the participants and generated meaningful discussions on aligning ancient wisdom with contemporary educational practices.

The seminar provided a valuable platform for knowledge exchange and academic interaction.

Ms. Rajyalakshmi’s participation and contribution added academic value to the event and reflected her commitment to research and professional development.

Conclusion

The National Seminar was highly informative and intellectually enriching. It reinforced the significance of Indian Knowledge Systems in shaping a sustainable future and highlighted the need for their effective integration into the higher education framework, in line with NEP 2020.

Ms. Rajyalakshmi’s active involvement and scholarly presentation contributed significantly to the success of the seminar.
